Codex Astartes Special Rules

Titan Critical

They Shall Know No fear

It takes two blast markers to suppress a Space Marine unit. Space Marine formations are only broken if they have two blast markers per unit. Space Marine formations count as having half the number of blast markers (rounding down to a minimum of one) for assault resolution purposes. Broken formations receive one blast marker per unit when rallying. Space Marine Leaders remove two blast markers when rallying.

Roll D6 in the end phase for each critical

1 Titan Destroyed

2-3 One additional point of damage

4+ Repaired with no damage.

Superior Tactics

The Space Marine army is a highly flexible and tactical army. Before each tournament game the Space Marine player may choose which formations with the 'plus transport' aspect are deployed in Rhinos, Drop Pods or on foot. If the formation has any units unable to deploy in Drop Pods then that option cannot be selected.

If the titan explodes any units in 5cm are hit on a 5+ (Reaver) or 4+ (Warlord)

Space Marine Transport

Space Marines are a highly mobile army. Because of this, the points cost of a detachment usually includes enough Rhino transport vehicles to transport it and any upgrades that have been taken. The number of Rhinos will always be the minimum needed to carry the formation; you can't take extras along to cover any losses! Note that many formations don't receive Rhinos, usually because they can't fit into them. Detachments that come with Rhinos will be noted as having 'plus transport' in the units section of the army list. To work out a formation's transport

- Add any infantry upgrades to the formation.
- Add Land Raiders to the formation.
- Add Razorbacks to the formation, up to the number of Infantry units not transportable by Land Raiders.
- If there are still infantry units in the formation without transport add the minimum number of Rhinos required for all units in the formation to be transported.

Transport Capacity

Note - Terminators and Dreadnoughts take up 2 transport spaces each in aircraft
